Subject: [External] No to the Atlantic Coast Pipeline

Dear Governor Cooper,

I am writing to urge you **not** to approve the Atlantic Coast Pipeline. We can't afford the risk of more leaks and spills along our coastline. Natural gas is a huge contributor to climate change. Approving the pipeline endangers our state, our country, our planet and our children's future.

Please stand up to the fossil fuel industry and show that North Carolina is a leader.

Sincerely,

Jan Harrington
